XF_03 Pre-and During Workout (600g)

A clean controlled boost that lasts, powering you through intense training / game time without the post-session crash

XPN's Fire supplement is a high-performance energy and endurance formula **designed for athletes, fitness enthusiasts and active individuals**. Its advanced blend of fast-digesting carbohydrates, amino acids, and antioxidants delivers both immediate and sustained energy to power intense training sessions. The formula enhances endurance, supports faster muscle recovery, promotes fat metabolism, and contributes to cardiovascular health—all while maintaining hydration and electrolyte balance to prevent cramps and optimize muscle function.

With added vitamins and essential nutrients, Fire supports overall wellness and performance from start to finish. Its calorie-conscious formulation, sweetened with sucralose, offers great taste without unnecessary sugars, making it ideal for daily use. Whether before or during workouts, XPN Fire helps you stay energized, focused, and ready to go beyond possible.

Ignite your energy. Fuel your focus.
Go beyond possible with clean power that never crashes.

Recommended Use:

Adults

30min - 45min before training

3 x  +  250ml water

Juniors

20min - 30min before training

1 x  +  250ml water

Allergens:

NONE - made in a factory that processes dairy, egg, soy, gluten shellfish, tree nuts, and peanuts

Ingredient List

Maltodextrin, Creatine Monohydrate, L-Glycine, Taurine, L-Glutamine, L-Leucine, D-Ribose, D-Aspartic Acid, L- Carnitine Fumarate, L-Arginine Alpha, Ketoglutarate, Beta Alanine, N-Acetyl-L-Cysteine, Green Tea Extract, Alpha Lipoic Acid, Sodium Chloride (Salt), Sodium Bicarbonate, Caffeine Anhydrous, Vitamins (Vitamin C, E, B3, B6, and B12), Sucralose (Non-Nutritive Sweetener)

CR_TR03 Creatine Transport (600g)

Boosts strength, speeds recovery and

supports muscle repair. So you can train harder, faster.

XPN Creatine Transport is a powerful performance and recovery formula that combines creatine with amino acids, electrolytes, and performance enhancers to fuel explosive energy and maximize strength. Designed for athletes who push their limits, it boosts power output, improves circulation through L-Arginine, and supports muscle repair with glutamine and taurine. The formula also aids in hydration, nutrient absorption, and overall physical resilience, helping you train harder and recover faster.

Going beyond standard creatine, XPN Creatine Transport is built for total regeneration. Its synergistic blend of creatine, glutamine, glycine, taurine, and key recovery nutrients works together to rapidly restore muscle energy, repair tissue, and reduce downtime between workouts. Whether you're chasing new personal bests or recovering from intense sessions, XPN Creatine Transport ensures you come back stronger every time.

Push harder. Recover faster. Come back stronger every rep, every time.

Recommended Use:

Adults

On empty stomach in morning

1 x  +  250ml water

Juniors

30 min before or 1 hour after training

†x   250ml water

Allergens:

NONE - made in a factory that processes dairy, egg, soy, gluten shellfish, tree nuts, and peanuts.

EN_UR3 Endurance Energy Mix (500g)

Endurance-focused energy. A steady efficient fuel source that keeps you going for longer.

XPN EN_UR3 is an advanced endurance and recovery drink formulated for athletes and active individuals who train for extended periods. Its unique blend of slow- and fast-release carbohydrates delivers a steady stream of energy during long workouts while ensuring rapid replenishment afterward. Enhanced with L-Glutamine for muscle recovery and immune support, as well as essential electrolytes to sustain hydration and muscle performance, EN_UR3 keeps your body performing at its best from start to finish.

This clean, citrus-flavoured formula is free from added sugar and calories, making it the perfect choice for sustained energy and efficient recovery. Sweetened with sucralose, it promotes nutrient absorption and maintains energy production without unnecessary additives. Whether you're training, competing, or recovering, XPN EN_UR3 helps you go further, last longer, and recover stronger.

Go further. Last longer. Recover stronger with clean, sustained energy that never quits.

Recommended Use:

Adults

30 - 45 minutes before workout

1 x  +  300ml water

Juniors

20 - 30 Minutes before workout

N_01 Omega 3 (90 Caps)

**Pure, high-potency essential fatty acids
for the whole family.**

XPN Omega-3 is a premium supplement crafted from pure Norwegian salmon oil, delivering essential fatty acids EPA, DHA, and DPA to support heart, brain, joint, and immune health. Harvested from cold, clean waters and refined for maximum purity and potency, it provides powerful anti-inflammatory, cognitive, and cardiovascular benefits. Each 1000mg soft gel offers an optimal balance of nutrients that help maintain overall wellness, making it a smart addition to any daily routine.

Clean, effective, and trusted, XPN Omega-3 fuels your body with nature's best support for long-term vitality. Ideal for all ages, this supplement promotes sharper focus, stronger joints, and a healthier heart—helping you move, think, and live at your best every day.

**Think sharper. Move easier. Live stronger,
powered by the purity of nature.**

Recommended Use:

Adults

2 - 3 softgels once or twice daily, or as directed by a physician.

Allergens:

May contain traces of crustaceans, peanuts, tree nuts, cow's milk, or egg.

Ingredient List

Pure Norwegian salmon oil.

PB_01 Probiotic (60 Caps)

Daily Gut, Immune and Enzyme Support.

PN Spore-Based Probiotic is an advanced gut health supplement featuring two resilient spore-forming strains — *Bacillus subtilis* and *Bacillus licheniformis* — combined with natural digestive enzyme support. Unlike regular probiotics, these strains survive stomach acid and reach the gut intact, where they help restore balance to the microbiome, support immune health, and improve digestion. Each capsule delivers 5 billion CFU, helping reduce bloating, enhance nutrient absorption, and strengthen the gut lining for long-term digestive wellness.

Shelf-stable, vegan, non-GMO, and dairy-free, XPN Spore-Based Probiotic is built for real results you can feel. Perfect for daily use, post-antibiotic recovery, or high-protein diets, this clean, effective formula supports overall digestive comfort and immune balance — helping your body thrive from the inside out.

**Stronger gut. Stronger you, balance, digest,
and thrive from the inside out.**

Recommended Use:

Adults

Daily before breakfast.

2x

Juniors

Daily before breakfast.

1x

Allergens:

May contain traces of
crustaceans, peanuts, tree nuts,
cow's milk, or egg.

Ingredient List

Bacillus subtilis and Bacillus licheniformis

FX_01 Fat Burner Female (90 Caps)

Supports woman's energy, focus, metabolism and weight management.

XPN Fat Burner for Women is a specialized formula crafted to support healthy weight loss, sustained energy, and enhanced mental clarity. Designed specifically for women, it combines metabolism-boosting ingredients that help reduce cravings, elevate mood, and promote focus—making it an ideal companion for training, dieting, or active lifestyles. This clean, balanced formula provides steady energy without the crash, helping you feel motivated and in control throughout your fitness journey.

By combining thermogenesis, appetite suppression, mood support, and energy enhancement, XPN Fat Burner for Women delivers a comprehensive approach to weight management. It's more than just a fat burner—it's a daily performance booster that helps you feel strong, focused, and confident while reaching your body goals.

Strong. Focused. Unstoppable,
because your power shines from within.

BCA_03 BCAA + L-Glutamine

Clean, scientifically formulated BCAA's for faster recovery, reduced soreness, sustained energy and peak performance.

XPN BCAA 2:1:1 + Glutamine is a proven amino acid formula trusted by athletes and fitness enthusiasts to enhance muscle recovery, performance, and endurance. Featuring the ideal 2:1:1 ratio of leucine, isoleucine, and valine—combined with pure L-glutamine—it helps prevent muscle breakdown, reduce soreness, and speed up recovery after intense training. This classic combination also supports hydration, immune function, and gut health, making it a versatile supplement for all training phases—whether you're cutting, bulking, or maintaining peak performance.

Backed by science and trusted for years, XPN BCAA 2:1:1 + Glutamine remains the gold standard for recovery and performance. Leucine drives muscle protein synthesis, while isoleucine and valine sustain energy and glucose uptake. Added L-glutamine replenishes depleted stores, promoting faster recovery and better immunity. No fluff or gimmicks—just a clean, effective formula that delivers consistent results. Power through. Recover fast. Stay strong.

Train harder. Recover faster. Stay unstoppable — the classic formula that never quits.

Allergens:

*NONE - Cow's milk, soy, egg, fish
gluten (Wheat, Barley, & oats).
Shellfish, Tree nuts/peanuts.*

Ingredient List

BCAA2:1:1(2500mg)+Glutamine (2 500mg)

XPN HGH_03 Elevate Growth Hormone

Safely boost HGH levels with a powerful amino acid and mineral blend, to support recovery, muscle growth, and vitality.

XPN HGH Support is a natural nighttime recovery supplement designed to enhance the body's own production of human growth hormone (HGH). Formulated with GABA, L-Arginine, L-Glutamine, zinc, and magnesium, it promotes deep, restorative sleep, lean muscle repair, and hormonal balance. Perfect for athletes, fitness enthusiasts, or anyone under physical or mental stress, it helps accelerate recovery and supports overall vitality—without artificial stimulants or banned substances.

By encouraging the body's natural HGH release, XPN HGH Support aids in muscle growth, fat metabolism, and cellular repair while improving sleep quality and energy levels. Taken before bed, it helps you rest deeper, recover faster, and wake up stronger—so you can train hard, perform better, and rebuild naturally from within.

Rest deeper. Recover stronger.
Awaken your body's natural power from within.

Allergens:

NONE - made in a factory that processes dairy, egg, soy, gluten shellfish, tree nuts, and peanuts

Ingredient List

L-Arginine Alpha Ketoglutarate (AAKG), L-Leucine, Glycine, Gamma Aminobutyric Acid (GABA), L-Ornithine HCL, Anti-caking Agent, Magnesium Citrate, Magnesium Bisglycinate Chelate Buffered, Zinc Bisglycinate Chelate

MF_03 Muscle Fuel Protein

**Fuel your growth, Fuel your strength.
Clean energy and real nutrition.**

XPN Gainer Shake is a high-calorie, nutrient-rich protein supplement formulated to help you build mass, strength, and lasting energy. Combining premium plant and dairy proteins with dual carbohydrate sources, it provides both quick and sustained fuel for muscle growth and recovery. With its smooth texture, great taste, and easy digestibility, it's perfect as a post-workout shake or a calorie-dense meal support for anyone in a bulking or active recovery phase.

Packed with essential vitamins, antioxidants, and Digezyme[®] enzymes, XPN Gainer Shake optimizes nutrient absorption, reduces fatigue, and supports hydration with added electrolytes. Its balanced formula of whey, soy, and fava bean proteins ensures complete amino acid support for stronger, faster muscle repair. The result? More power, better endurance, and steady energy—fueling your body to perform at its best, every time.

Build bigger. Recover faster. Power every day with clean, lasting energy.

Recommended Use:

Adults

2 - 3 Times per day.

2 x  +  500ml water

LM_03 Lean Muscle Protein Shake

Lean shake blends Soy, Whey, and Rice proteins for all-day muscle support and recovery. Low in sugar.

XPN Lean Shake is a clean, balanced protein formula designed to help you build strength, recover faster, and stay lean. Combining fast- and slow-digesting proteins from whey, soy, and rice, it provides a steady release of amino acids to support muscle growth and repair throughout the day. Ideal for post-workout recovery or as a convenient meal replacement, it helps maintain lean mass, promote fat metabolism, and keep you fuller for longer—all with a smooth texture and low sugar content.

Enhanced with L-Leucine to trigger muscle building, Digezyme[®] enzymes for better digestion, and inulin for gut health, XPN Lean Shake goes beyond standard protein formulas. Himalayan salt helps restore minerals and support hydration, ensuring optimal performance and balance. The result? Stronger muscles, faster recovery, and a leaner physique—without unnecessary bulk.

Stay strong. Stay lean. Fuel your body with clean protein that works all day

Recommended Use:
